Ecology And Environment Pd Sharma. pdf. Download for free here. Faculty - University of Horticulture Dr. Y. S. Parmar. Sincerely, the author of the book. www.koob.ru Once upon a time, just like you, I was looking for an answer to the questions "who is to blame?" and "what to do?". And he was convinced that it was useless. Even at the end of the 80s, I was sure that if everything went well, then everything would remain as it was (in the sense, as under Stalin). And suddenly I was on fire. And, like you, I realized that there is no single answer.

There are only hypotheses and assumptions, and also the experience of previous generations, their achievements and mistakes.
